

STRAIGHT BLADE RECONDITIONER

Model SBR-2

NEW!

NEW!

For sharpening:

- Brisket Saw Blades
- Quartering Saw Blades
- Any Reciprocating Saw Blades

**The Jarvis Model SBR-2 -
for perfect straight blade sharpening.**

- Ideal for sharpening blades for brisket, quartering and carcass splitting saws.
- Sharpens any size reciprocating blade up to 2.5 inches in width.
- Sharpens blades to original design specifications - reduces material removal for longer blade life.
- Precision ground teeth reduce operator fatigue, also wear and tear on equipment.
- Accurately regrinds badly damaged blades - grinds chipped or broken teeth like new.
- The SBR-2 produces perfect blades every time - nothing else is required.
