

CARCASS SPLITTING BANDSAW

Model Buster V

The Jarvis Model Buster V - electrically powered bandsaw for splitting bulls, cows and horses.

JARVIS

- Used worldwide for splitting fat cattle, bulls, oxen and horses.
- The largest Jarvis splitting saw; suited for the largest carcasses.
- Superior blade life: 400 - 600 carcasses per blade.
- Best possible hygiene - spoked wheels, flat surfaced housings and completely opening doors - for fast, easy and complete cleaning.
- The drive system is oil bath lubricated for sustained trouble-free operation.
- Designed for the operator - ultra-thin rail for unobstructed vision and dual rear handles for comfort.
- Anti-tie down controls and totally enclosed electric motor for operator safety.
- Meets national and international requirements for hygiene and safety.

THE BUSTER SAW - HIGH PERFORMANCE CARCASS SPLITTING
